WELCOME

President's Message:

Dear Friends, colleagues and guests,

Welcome to the 122nd Annual Meeting of the New York Section of the American Urological Association. We are delighted that you will be joining us in Rome as we continue a tradition that has endured for more than a century—bringing together thoughtful scientific exchange and the pleasure of spending time in one of the world's most remarkable cities.

Our Scientific Program Committee has assembled an *outstanding* faculty whose lectures and discussions will span the breadth of our field, from men's health and oncology to stone diseases/endourology, reconstructive urology, infertility, pediatric urology, and health policy.

On scientific days, each morning will be devoted to our educational program, while our guests and spouses enjoy the history, art, and daily life of Rome. The afternoons and evenings will offer time to discover the city together, renewing old friendships and beginning new ones. Wednesday will be a day away from the lecture hall, dedicated entirely to exploring Florence—the birthplace of the Renaissance—before we return to Rome to end the week with our Gala Dinner.

My sincere thanks to our Scientific Program Committee, planning committee, faculty, sponsors, our Executive Director, and our event planner for the care, commitment, and countless hours that have made this meeting possible.

We look forward to welcoming you to Rome and to sharing a memorable week of learning, friendship, and discovery.

Warmest regards,

Hossein Sadeghi-Nejad, M.D.
President, New York Section, AUA

OFFICERS OF THE AUA & NEW YORK SECTION, AUA

American
Urological
Association

Education & Research, Inc.

AMERICAN UROLOGICAL ASSOCIATION, INC.

Officers 2025-2026

Eugene Y. Rhee, M.D., President

Thomas F. Stringer, M.D., President-Elect

Lane S. Palmer, M.D., Immediate Past President

David F. Penson, M.D., Secretary

Jennifer U. Miles-Thomas M.D., Treasurer

THE NEW YORK SECTION, AMERICAN UROLOGICAL ASSOCIATION

The Officers 2026-2027

President

Hossein Sadeghi-Nejad, M.D.

President-Elect

		2023-2024	Dr. James Eastham – San Sebastian, Spain
		2024-2025	Dr. Peter Schlegel – Marrakesh, Morocco
		2025-2026	Dr. Thomas Rechtschaffen – Paris, France

*Deceased, + Past President of the AUA

**All meetings prior to 1972 were held in New York City

GENERAL INFORMATION

Learning Objectives:

After participation in this CME activity, participants will be able to:

1. Incorporate the latest techniques in the surgical management of conditions spanning all major disciplines of urology into their practices
2. Communicate with patients, families, and stakeholders regarding new research and technology in the field
3. Implement evidence-based AUA guidelines, particularly new guidelines, into clinical practice
4. Utilize resources to become involved in healthcare advocacy for improving workforce and patient care issues
5. Employ best practices for billing and coding clinical encounters in urology
6. Demonstrate the professional leadership principles necessary to lead a clinical division or department, as introduced from a multi-generational panel of experts

Claiming CME Credits

Following the conclusion of the meeting, please follow the instructions below to complete the meeting evaluation and claim your CME credits on the newly designed AUA *University*. **Please complete this by December 31st in order to guarantee that credit can be awarded.**

1. Visit the AUA *University* homepage at cme.auanet.org or the direct course page at cme.auanet.org/URL/NYS2026.
2. Login with your AUA ID or email address and password. Ensure the email you use is the one associated with your *myAUA* account.
3. Select the Invitation Code text and enter the unique invitation code: ROME26NYS. This code should not be shared.
4. Enroll in the course and proceed to the evaluation.
5. Once the evaluation has been completed, the credit claim will unlock. Please claim only the credit hours commensurate with your participation in the CME activity.
6. View/download/print your transcript and certificate from *myAUA*.

Transportation:

Please note this year Airport Ground transportation is NOT included in the package. Transportation for tours/evening functions is included.

Electricity

In Rome, *power plugs and sockets (outlets) of type E are used*. The standard voltage is 230 V at a frequency of 50 Hz.

Time Zone

Rome falls under the Central European Time (CET) and is 6 hours ahead of New York time (Eastern Daylight Time), depending on daylight savings. In 2026 daylight savings time begins on Sunday, March 9th and will end on Sunday, November 2.

Weather:

Average Temperatures in Rome for late August, early September: High 80°F/ Low 64°

Language:

The official of Italy is Italian

Currency:

The Euro is the official currency of Italy.

Wardrobe

Comfortable, casual, and loose-fitting clothing and shoes are the key to relaxed travel. Clothes that do not wrinkle easily work best (i.e. khakis, dress slacks, casual blouses or sport shirts). Dressing in layers allows you to adjust to climate changes.

For sightseeing or tours, be sure to pack for comfort. Light cotton slacks, khakis, shorts, jeans, T-shirts and sport blouses/shirts work well. Sneakers and sandals are suggested.

Business casual attire is suggested for all Scientific Sessions and Welcome reception (jackets and ties optional).

Gala Attire – Cocktail.

Land Package Program Agenda

The following is included with the purchase of the New York Section AUA 122nd Annual Meeting Land Package. Welcome to ROME!

Sunday, August 30th, 2026***Arrivals to the St. Regis Rome***

All day:	Group Arrivals
2:00pm – 5:00pm	Orientation Tour – Roman Squares
6:00pm – 8:00pm	Welcome Reception – <i>St. Regis</i>
Evening	Dinner at Leisure

Monday, August 31st, 2026

7:00am – 11:00am	Breakfast – <i>St. Regis</i>
7:00am – 7:30am	Breakfast Symposia – <i>Quirinale Room</i>
8:00am – 1:00pm	Hospitality Desk – <i>Ritz Ballroom Foyer</i>

AUA ACCREDITATION INFORMATION

AUA ACCREDITATION INFORMATION

Accreditation: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the American Urological Association (AUA) and the New York Section of the AUA. The AUA is accredited by the ACCME to provide continuing medical education for physicians.

Credit Designation: The American Urological Association designates this live activity for a maximum of 17 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Other Learners: The AUA is not accredited to offer credit to participants who are not MDs or DOs. However, the AUA will issue documentation of participation that states that the activity was certified for *AMA PRA Category 1 Credit™*.

Evidence Based Content: It is the policy of the AUA to ensure that the content contained in this CME activity is valid, fair, balanced, scientifically rigorous, and free of commercial bias.

AUA Disclosure Policy: All persons in a position to control the content of a CME activity are required to disclose to the AUA, as the ACCME-accredited provider, all financial relationships with any ineligible company (formerly commercial interests) during the previous 24 months. An ineligible company is defined as one whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients. The AUA must determine if the individual's relationships are relevant to the educational content and mitigate any conflicts of interest prior to the commencement of the educational activity. The intent of this disclosure is not to prevent individuals with relevant financial relationships from participating, but rather to provide learners with information so they can make their own judgments.

Mitigation of Identified Conflict of Interest: All disclosures will be reviewed by the AUA Conflict of Interest (COI) Review Work Group Chair and/or Vice Chair for identification of relevant financial relationships that result in conflicts of interest. The AUA COI Review Work Group, working with Office of Education staff, will document the mechanism(s) for management and mitigation of the conflict of interest and final approval of the activity will be documented prior to implementation.

Off-label or Unapproved Use of Drugs or Devices: The audience is advised that this continuing medical education activity may contain reference(s) to off-label or unapproved uses of drugs or devices. Please consult the prescribing information for full disclosure of approved uses.

AUA PARTICIPANT INFORMATION & POLICIES

Disclaimer: The opinions and recommendations expressed by faculty, authors and other experts whose input is included in this program are their own and do not necessarily represent the viewpoint of the AUA.

Consent to Use of Photographic Images: Attendance at or participation in AUA meetings and other activities constitutes an agreement by the registrant to AUA's use and distribution (both now and in the future) of the attendee's image or voice in photographs and electronic reproductions of such meetings and activities.

Audio, Video and Photographic Equipment: The use of audio, video and other photographic recording equipment by attendees is prohibited inside AUA meeting rooms.

Reproduction Permission: Reproduction of written materials developed for this AUA course is prohibited without the written permission from individual authors and the American Urological Association.

Special Assistance/Dietary Needs: The AUA complies with the Americans with Disabilities Act §12112(a). If any participant is in need of special assistance or has any dietary restrictions, please see the registration desk.

SCIENTIFIC PROGRAM

New York Section American Urological Association 122nd Annual Meeting

*Rome, Italy
August 30th – September 5th, 2026*

*President, New York Section, AUA
President, American Urological Association*

**Hossein Sadeghi-Nejad, MD
Eugene Y. Rhee, MD**

*Senior Scientific Advisor:
Scientific Co-Chairs:*

**Samir Taneja, MD
Michael Palese, MD
Benjamin Brucker, MD
Jim Hu, MD
Grace Hyun, MD**

Monday, August 31st

7:00am – 7:30am **Industry Sponsored Breakfast Symposium (Non-CME)**
Sponsored by: Calyxo
Title: “The CVAC System in Practice. Lessons from the First 40,000 Procedures”
Speakers:
Michael Palese, MD
Prof. & Chair of Urology, Mount Sinai Downtown, Director of Minimally Invasive Surgery, Icahn Sch. of Med. at Mount Sinai
Jared Winoker, MD
Director of Endourology and the Center for Kidney Stone Disease, Associate Professor of Urology, Northwell Urology, Lenox Hill Hospital, Zucker School of Medicine at Hofstra/Northwell

INTRODUCTIONS

8:00am – 8:05am **Welcome from President, New York Section, AUA**
Hossein Sadeghi, MD

8:05am – 8:20am **Welcome from President, American Urological Association**
Eugene Rhee, MD

SESSION 1: Economics, Education and Health Policy
Moderators: Grace Hyun, MD
Steven Kaplan, MD

8:20am – 8:30am	Insights from the Society of Academic Urology: Innovation and Advancements in the Urology Application Process <i>Gina Badalato, MD</i>
8:30am – 8:40am	Curriculum Development, Implementation and Outcomes of a Urology Quality Improvement/ Patient Safety (QIPS) Fellowship <i>Jaime Cavallo, MD</i>
8:40am – 8:50am	AI in Pediatric Urology <i>Glenn Cannon, MD</i>
8:50am – 9:00am	“SUO/YOU Lecture” Scholarship Through Clinical Authority and Clinical Streamlining <i>Samuel Kaffenberger, MD</i>
9:00am – 9:10am	Market Dynamics: Big Business Coming for Healthcare? <i>Ruchika Talwar, MD</i>
9:10am – 9:20am	AMA and RVU and RUC <i>Kyle Richards, MD</i>
9:20am – 9:30am	AUA Innovation NEXUS <i>Steven Kaplan, MD</i>
9:30am – 9:40am	ABU Update <i>Kathleen Kobashi</i>
9:40am-9:50am	BPH AUA Guidelines 2026 <i>Jaspreet Sandhu, MD</i>
9:50am – 10:00am	Questions and Answers
10:00am – 10:30am COFFEE BREAK	

SESSION 2: Urologic Oncology: Prostate Cancer Screening/Diagnostics/Risk

Moderator: Samir Taneja and Chris Porter

10:30am – 10:40am	Prostate Cancer Active Surveillance in 2026 Mitchell Benson, MD
10:40am – 10:50am	Decipher and ARTERA AI Prognostic Risk Scores in the Management of Localized Prostate Cancer – How Do We Use Them Most Effectively? <i>Michael Zelefsky, MD</i>
10:50am – 11:00am	Transperineal vs. Transrectal Biopsy, a 2026 Assessment of Level 1 Evidence. <i>Kyrollis Attalla, MD</i>

11:00am – 11:10am Office-Based Transperineal Prostate Procedures Under Local Anesthesia: Techniques, Workflow and Outcomes
Wei Phin Tan, MD

SESSION 3: Urologic Oncology: Prostate Cancer Focal/Localized

Moderators: Wei Phin Tan, MD

11:10am – 11:20am Interim Results of the Vapor 2 Study of Water Vapor Ablation for Prostate Cancer Focal Therapy
Samir Taneja, MD

11:20am – 11:35am Cryotherapy vs HiFU
James Wysock, MD

11:35am – 11:45am Impact of Prostate Biopsy on MR Cryoablation Outcomes
Fernando Bianco, MD

11:45am – 11:55am Anterior Tissue Sparing in Radical Prostatectomy Outcomes
Jim Hu, MD

11:55am – 12:15pm Q & A

SESSION 4: Endourology: Kidney Stones 1

Moderators: Philip Zhao, MD

Michael Palese, MD

12:15 pm – 12:25pm Suction Access Sheaths vs Suction Ureteroscopes in Endourology
Matthew Dunn, MD

12:25 pm – 12:35pm The Role and Application of AI in Endourology
Philip Zhao, MD

12:35pm – 12:55pm Surgical Management Kidney Stone Guidelines – What Have We Learned?
David Schulsinger, MD

Session 5: **New York Section 2027 Annual Meeting Preview**

12:55pm - 1:00pm *Jaspreet Sandhu, MD*

1:30pm – 2:00pm Industry Sponsored Lunch Symposium (Non-CME)
Sponsored by: Bayer
Title: “Clinical Insights into the Management of mCSPC”
Speaker: Hanan Goldberg, M.D., MPH, MBA
Assistant Professor of Urology
SUNY Upstate Medical University, Syracuse, New York

2:00pm Adjourn to afternoon program

Tuesday, September 1st

7:00am – 7:30am Industry Sponsored Breakfast Symposium (Non-CME)
Sponsored by: Laborie
Title: “Optilume: Innovating Minimally Invasive Treatment for BPH and Urethral Stricture Disease”
Speakers:
Steven Kaplan, M.D.
Director of the Men’s Wellness Program, Mount Sinai Health System and Professor, Icahn School of Medicine at Mount Sinai
Alexis Te, M.D.
Professor of Urology, Icahn School of Medicine at Mount Sinai

SESSION 6: Urologic Oncology: Advanced Prostate Cancer

Moderators: Jim Hu, MD
Michael Zelefsky, MD

8:00am – 8:10am RP Recurrence in the Active Surveillance Era
Jim Hu, MD

8:10am – 8:20am Intraprostatic Immunotherapy for Intermediate Risk Prostatic Cancer – An Update on Can 2409 Phase III Trial
Glen Gejerman, MD

8:20am – 8:30am Radical Prostatectomy for High-Risk and Oligometastatic Prostate Cancer
Quoc-Dien Trinh, MD

8:30am – 8:40am Innovations in Advanced Prostate Cancer
Cora Sternberg, MD

8:40am – 9:10am Prostate Cancer Debate
Salvage Radiotherapy vs. Salvage Ablation for Radiation Recurrent Treated Prostate Cancer
Michael Zelefsky, MD vs James Wysock, MD

SESSION 7: Renal Transplant and Reconstruction

Moderators: Michael Palese, MD & Frank Darras, MD

9:10am – 9:20am Expanding Life-Saving Renal Transplantation – How Far Can We Push the Envelope to Get People off Dialysis
Frank Darras, MD

9:20am – 9:30am Update on Kidney Donation
Michael Palese, MD

9:30am – 9:40am Management of Urologic Cancer in Transplants
Piyush Agarwal, MD

9:40am – 9:50am SP Robotics: Access That Conventional Systems Can't Achieve
Mutahar Ahmed MD

9:50am – 10:00am Medical Legal Pitfall in Male Reconstructive Urology
Amjad Alwaal, MD

10:00am – 10:30am COFFEE BREAK

SESSION 8: Infertility/Pelvic Health

Moderator: David Shin, MD

10:30am – 10:40am Establishment of a Federal Office of Men's Health
Hossein Sadeghi-Nejad, MD

10:40am – 10:50am Sexual Dysfunction in Male Infertility Patients in 2026
David Shin, MD

10:50am – 11:00am Vasectomy Guideline
Cigdem Tanrikut, MD

11:00am – 11:10am How to Turn Men On: Spermatogenesis Restoration Strategies After Testosterone Use
William Berg, MD

11:10am – 11:20am Male Pelvic Pain
Joel Hillelsohn, MD

11:20am – 11:30am Questions and Answers

SESSION 9: Men's Sexual Health

**Moderators: Hossein Sadeghi-Nejad, MD
Allen Morey, MD**

11:30am – 11:45am 30 Years of Penile Prosthesis Surgery: Pearls and Pitfalls
Hossein Sadeghi-Nejad, MD

11:45am – 12:00pm Evaluation of Unusual Male Sexual Issues
Alan Shindel, MD

12:00pm – 12:15pm Beyond the Pannus: Systemic Management of Adult Acquired Buried Penis Syndrome (AABPS)
Shervin Badkhshan, MD

12:15pm – 12:30pm Penoscrotal Decompression: A Promising New Approach for Surgical Treatment of Prolonged Ischemic Priapism
Allen Morey, MD

12:30pm – 12:45pm Update on PDE5 Inhibitors
Giovanni Corona, MD

- 12:45pm – 1:00pm Questions and Answers
- 1:30pm – 2:00pm **Industry Sponsored Lunch Symposium (Non-CME)**
- 2:00pm **Adjourn**

Wednesday, September 2nd
Group Tour

No Scientific Session

Thursday, September 3

- 7:00am – 7:30am **Industry Sponsored Breakfast Symposium (Non-CME)**
Sponsored by: Urogen
Title: “UroGen: Expanding Therapeutic Options for Patients with Urologic Cancers”
Speaker: Katie Murray, DO, MS
Professor, Department of Urology
NYU Langone Heath & Grossman School of Medicine

SESSION 10: Endourology: Kidney Stones/Technology

Moderator: William Atallah, MD
Alexander Small, MD

- 8:00am – 8:10am 2026 Ureteral Stent Update: Guidelines, New Technology, and Stent Colic Prevention
Alexander Small, MD
- 8:10am – 8:20am Is PCNL Dead? The Impact of Evolving Endoscopic Techniques
William Atallah, MD
- 8:20am – 8:30am Comparing Stone-Free Rates in RIRS: Impact of Different Laser Technologies
Antonio Pastore, MD
- 8:30am – 8:40am Pediatric Devices/New Technology
Chester Koh, MD
- 8:40am – 8:50am Questions and Answers

SESSION 11: Urogynecology

Moderators: Kathleen Kobashi, MD
Nirit Rosenblum, MD

- 8:50am – 9:00am Menopause
Nirit Rosenblum, MD

- 9:00am – 9:10am Who Really Needs UDS?
Alan Wein, MD
- 9:10am – 9:20am Ambulatory Urodynamics
Jason Kim, MD
- 9:20am – 9:30am Cystocele Repair – Where We Were in the 80's and Where We Are Now
Sheldon Pike, MD
- 9:30am – 9:40am Botulinum Toxin in 2026
Benjamin Brucker, MD
- 9:40 am – 10:15am Panel on Stress incontinence for women
Benjamin Brucker MD

10:15am – 10:45am COFFEE BREAK

SESSION 12: BPH/Male Incontinence/Men's Health

**Moderators: Benjamin Brucker, MD
Arthur Mourtzinis, MD**

- 10:45am – 10:55am Aquablation
Christopher Kelly, MD
- 10:55am – 11:05am Demystifying MIST: The Modern MIST Landscape
Alexis Te, MD
- 11:05am – 11:15am Initial Experience with a New, Single-Use Motorized Resection Device for TURP
Ivan Grunberger, MD
- 11:15am – 11:25am Single Port Transvesical Enucleation of the Prostate (STEP) vs. HoLEP vs. Aquablation:
The Winner is....
Lee Richstone, MD
- 11:25am – 11:35am Male Incontinence
Arthur Mourtzinis, MD
- 11:35am - 11:45am Management of OAB in Male Patients That Have Failed Medical Therapies
Katherine Amin, MD
- 11:45am -11:55am Testosterone and Fertility
Peter Schlegel, MD
- 11:55am – 12:00pm Q & A

SESSION 13: AUA Governance

**Moderators: Alan Wein, MD
Grace Hyun, MD**

12:00pm – 12:10pm	AUA PAC <i>Grace Hyun, MD</i>
12:10pm – 12:20pm	Men’s Health Government Task Force <i>Eugene Rhee, MD</i>
12:20pm – 12:30pm	Coding and Billing Update <i>Dima Raskolnikov, MD</i>
12:30pm -12:40pm	Building Cancer Joint Ventures That Work: Quality, Culture, and the Academic-Community Divide <i>Laura Crocitto, MD</i>
12:40pm - 1:00pm	Q & A
1:30pm – 2:00pm	Industry Sponsored Lunch Symposium (Non-CME)
2:00pm	Adjourn to afternoon program

Friday, September 4th

7:00am - 7:30am	Industry Sponsored Breakfast Symposium (Non-CME) Sponsored by: ImmunityBio Inc Title: “Integrating novel immunotherapies in the management of NMIBC” Speaker: Katie Murray, D.O., M.S. Professor, Department of Urology NYU Langone Health & Grossman School of Medicine
------------------------	---

SESSION 14: Urologic Oncology: Miscellaneous

Moderators: Katie Murray, DO
Mitchell Benson, MD

8:00am – 8:10am	Implementing ctDNA into Clinical Practice for Bladder Cancer <i>Katie Murray, DO</i>
8:10am - 8:20am	Update on Upper Tract TCC <i>Vitaly Margulis, MD</i>
8:20am - 8:30am	Advanced Prostate Cancer in the Urologist’s Office <i>Thomas Rechtschaffen, MD</i>
8:30am - 8:40am	Robotic nephrectomy and IVC thrombectomy, single center 10-yr outcomes <i>Giuseppe Simone, MD</i>
8:40am - 9:00am	Q & A

SESSION 15:

Moderator: Hossein Sadeghi-Nejad, MD, FACS

- 9:00am – 9:10am Measuring Sexual Identity by XYGO in the Daily Urologic Practice
Emmanuele A. Jannini, MD
- 9:10am – 9:20am Reversing the Men’s Health Crisis: Strategies for the Next Decade
Andrea Salonia, MD
- 9:20am-9:30am Peyronie’s Disease Evaluation and Management: Your Surgical Toolbox
Gregory Broderick, MD
- 9:30am -9:40am Novel Xiaflex Treatment Protocols: The New Gold Standard for Peyronie’s Disease
Petar Bajic, MD
- 9:40am - 9:50am Three key aspects in neurogenic bladder: Transition from pediatrics to adulthood
Stacy Tanaka, MD
- 9:50am - 10:00am New York Section “Early Career Faculty Award”
Modern Management of Posterior Urethral Stenosis (PUS)
Shervin Badkhshan, MD
- 10:00am - 10:10am New York Section “Early Career Faculty Award”
Individualizing Environmental Sustainability Efforts to Urologic Practice
Jared Winoker, MD
- 10:10am - 10:15am Questions & Answers

10:15am – 10:45am COFFEE BREAK**SESSION 16: Video Sessions/Semi-Live Surgery**

Moderators: Ashutosh Tewari, MD
Michael Stifelman, MD

- 10:45am – 11:00 am Extraperitoneal Radical Prostatectomy Single Port
Jean Joseph, MD
- 11:00 am – 11:15am Buccal Mucosa for Ureteral Strictures
Michael Stifelman, MD
- 11:15am – 11:30am Bladder Exstrophy: International Experience
Aseem Shukla, MD
- 11:30am – 11:45am CILR (Challenges In Laparoscopy and Robotics) after 22 years of Live Surgery around the world!
Vito Pansodoro MD
- 11:45am – 12:15pm RALP with DV5
Ashutosh Tewari, MD

12:15pm -12:45pm Questions & Answers

Giovanni Corona, MD
Emmanuele A. Jannini, MD
Vito Pansadoro, MD
Andrea Salonia, MD
Giuseppe Simone, MD

FACULTY

PIYUSH AGARWAL, M.D.

Dr. Piyush Kumar Agarwal is a Professor of Surgery, Vice-Chief of Urology, and Director of Urological Oncology and the Bladder Cancer Program at the University of Chicago. A leading researcher whose work drives bladder cancer clinical trials, he is also pursuing an Executive MBA at Northwestern's Kellogg School of Management.

MUTAHAR AHMED, M.D.

Dr. Mutahar Ahmed is Director of the Center for Bladder Cancer at Hackensack Univ Medical Center, Professor of Urology at Hackensack Meridian School of Medicine, and Director of the Robotic Oncology Urological Fellowship at NJU/HUMC. A pioneer in robotic urologic procedures, he has performed over 6,000 robotic surgeries, including more than 2,000 single-port cases across all types of urologic procedures. Passionate about SP Robotic surgery, Dr. Ahmed teaches this technology nationally and internationally and has been recognized as a Castle Connolly and other national magazine Top Doctor for over 20 years.

AMJAD ALWAAL, M.D.

Dr. Amjad Alwaal is an Associate Professor of Urology at Rutgers New Jersey Medical School and Director of Urologic Reconstruction and Men's Health. He also serves as Director of Urology at Kessler Institute for Rehabilitation. Dr. Alwaal specializes in reconstructive urology, urethral stricture disease, prosthetic urology, and sexual medicine, with an active academic practice focused on research, education, and high-volume complex reconstruction.

KATHERINE AMIN, M.D.

Dr. Katherine Amin is the Program Director for the Urogynecology and Reconstructive Pelvic Surgery (UPRS) Fellowship training program and she is an Associate Professor of Clinical Urology at the Desai Urology Institute at University of Miami. Her clinical expertise is in treating clinical conditions such as urinary incontinence, pelvic organ prolapse, and neurourology, as well as sexual health among cancer survivors and menopause-related symptoms. Through her work as an educator, researcher, and fellowship program director, Dr. Amin is committed to advancing the field of women's health and fostering the development of future urogynecologists and urologists.

WILLIAM ATALLAH, M.D.

William Atallah, MD, MPH is an Associate Professor of Urology at the Mount Sinai Health System. He specializes in endourology and the comprehensive treatment of kidney stones. Employing a diverse range of techniques, he addresses urinary stone issues with precision and effectiveness. His repertoire includes fluoroscopy, sheathless and stentless Ureteroscopy, and Ultrasound guided supine Percutaneous Nephrolithotomy. His approach is characterized by a commitment to tailored care, ensuring that each patient receives the most appropriate and advanced treatment for their specific condition.

KYROLLIS ATTALLA, M.D.

Kyrollis Attalla, M.D. is an Assistant Professor of Urology at the Icahn School of Medicine at Mount Sinai. He completed his urology residency at the Icahn School of Medicine at Mount Sinai and his fellowship training at Memorial Sloan Kettering Cancer Center. His clinical and academic focus is in prostate cancer image-guided diagnostics and therapeutics.

GINA BADALATO, M.D.

Gina M. Badalato, MD is a Professor of Urology at Columbia University Irving Medical Center and Vice Chair in the Department of Urology. Her non-clinical work focuses broadly on medical education across the continuum, including undergraduate medical education, residency training, and faculty development. She is actively engaged in national education leadership through the Society of Academic Urology, the American Urological Association, and the American Board of Medical Specialties. She also serves as an Advisory Dean at Columbia Vagelos College of Physicians and Surgeons.

SHERVIN BADKHSHAN, M.D.

Shervin Badkhshan, MD, is the Director of Reconstructive Urology at NYU Langone Long Island and a board-certified genitourinary reconstructive urologist in the New York metropolitan area. He earned his medical degree and completed his urology residency at the Jacobs School of Medicine, followed by a fellowship in Urologic Trauma, Reconstruction, and Prosthetics at UT Southwestern. His clinical interests focus on complex genitourinary reconstruction and comprehensive men's health.

PETER BAJIC, M.D.

Dr. Petar Bajic is the Regional Medical Director for Urology at Cleveland Clinic's Main Campus and Director of the Men's Health Section within the Glickman Urological Institute in Cleveland, Ohio. A board-certified urologist and fellowship-trained andrologist, he also serves as Associate Professor of Urology at the Cleveland Clinic Lerner College of Medicine. He currently serves as a board member of the Sexual Medicine Society of North America and as Chair of the American Urological Association Public Media Committee. His areas of expertise include erectile dysfunction, Peyronie's disease, urologic prosthetics, buried penis reconstruction, and sexual function-preserving surgical therapies for benign prostatic hyperplasia.

MITCHELL BENSON, M.D.

Dr. Benson is widely recognized for his work in prostate and bladder cancer, particularly in advancing minimally invasive approaches and evaluating novel diagnostics and biomarkers. His clinical interests include nerve-sparing radical prostatectomy, bladder-sparing strategies for muscle-invasive disease, and the use of genomic tools to personalize urologic cancer treatment. Over the course of his career, he has published extensively in peer-reviewed journals, authored multiple textbook chapters, and has been deeply involved in shaping clinical trial design and outcome assessment in urologic oncology. Dr. Benson is most noted for having discovered the concept of PSA density.

WILLIAM T. BERG, M.D.

Dr. Berg is an Associate Prof of Urol at the Renaissance Sch of Med at Stony Brook Univ and Residency Prog Director for the Urology Residency Prog at Stony Brook Univ Hosp. He is also the Fellowship Director for Stony Brook Urology's fellowship in Male Reproductive Med, Surg, and Sexual Dysfunction. Dr. Berg received his MD from NY Med College and completed his internship in general surgery and his urology residency at Stony Brook Univ Hosp. Following residency, he completed a fellowship in Andrology at the Warren Alpert Med Sch of Brown Univ. His research interests focus on male fertility recovery strategies, access to fertility care, and treatment of orgasmic dysfunction.

FERNANDO J. BIANCO, M.D.

Fernando J. Bianco is the Investigator In-Chief for the Urological Research Network Corp in Miami. A former Prof of Urology at George Washington Univ and Columbia Univ. In South Florida currently serves as Prof of Urology for Nova Southeastern Univ. An Innovator Urological Oncologist and Robotic Surgeon who has conducted more than 12 randomized clinical trials - committed to the best care options for his patients. Dr Bianco serves as principal investigator for the Fusion Image - MRI/US -Guided Cryotherapy of the Prostate Clinical Trial - NCT02381990 – an innovative disruptive technology of the FocalyxTx paradigm

GREGORY A. BRODERICK, M.D.

Dr. Gregory A. Broderick M.D. is a [Prof of Urology at Mayo Clinic in Jacksonville, Florida](#). His practice is focused on Men's Health. He is a founding member of the [Sexual Med Soc of NA and a past President \(2005\)](#). He established the Urology residency at Mayo Clinic Florida, serving as Program Director from 2000-2023. He was selected as Mayo Clinic Florida Educator of the Year in 2016. He was nominated by the Society of Academic Urology to serve as [Trustee of the ABU in February 2023](#). Dr. Broderick is the recipient of the [2023 Florida Urologic Society Lifetime Achievement Award](#) and 2024 recipient of the AUA [Gold – Headed Cane Award](#).

BENJAMIN BRUCKER, MD

Benjamin M Brucker, M.D., is a Professor of Urology and Obstetrics and Gynecology at New York University Langone Health in New York City. He is the Director of the Division of Urogynecology and Reconstructive Pelvic Surgery and Neurourology. Dr. Brucker also serves as the department's safety officer and is the program director of the Urogynecology and Reconstructive Surgery fellowship. Dr. Brucker has an interest in male and female incontinence and pelvic floor disorders. He was a founding member of the Young SUFU Members Committee and The SUFU research network. He currently sits on the board of SUFU and is also a member of the AUA, SUFU, ICS, and AUGS.

GLENN CANNON, M.D.

Dr. Cannon is Professor of Urology and Division Chief of Pediatric Urology at the UPMC Children's Hospital of Pittsburgh. He is Vice-chair of the Department of Urology, University of Pittsburgh School of Medicine. His research interests include prepubertal fertility preservation.

JAIME CAVALLO, M.D.

Dr. Cavallo serves as Assoc Prof of Urology and Director of Male Genitourinary Reconstructive Surgery at Yale Sch of Med and the Connecticut Veterans Affairs Healthcare System. She serves on the AUA Data Committee as Chair of the Census Subcommittee; the AUA Quality Improvement & Patient Safety Committee; the AUA Health Advancement & Impact Committee; and the NEAUA Board of Directors as Chair of the NEAUA Health Advancement & Impact Committee. Dr. Cavallo is a 2025 AUA Young Urologist of the Year Award recipient, and a 2026 AUA Leadership Program graduate.

GIOVANNI CORONA, M.D.

Giovanni Corona is the head of the Endocrinology and Metabolic Disease Unit AUSL Romagna, Forlì-Cesena, Italy. He received the MD degree at the University of Bologna and the Board in Endocrinology and the Doctor of Philosophy degree at the University of Florence. He received several prestigious awards. He is co-author of more than 450 peer-reviewed manuscripts, different book chapters and invited reviews in the field of endocrinology and sexual medicine.

LAURA E. CROCITTO, M.D.

Laura E. Crocitto, MD, MHA, is a urologic oncologist and physician executive serving as Executive Med Director of Oncology for Sutter East Bay Med Group, Associate Med Director of the Stanford Med Sutter Hlth Cancer Ctr and Med Director of the SMSHCC ASC. She previously served as CMO/VP of Cancer Services at UCSF Hlth and as Prof of Urology at UCSF, following leadership roles at City of Hope in enterprise quality, safety, urologic oncology, and clinical program development. Her work focuses on cancer service line strategy, academic-community integration, quality metrics, physician leadership, and building high-performing oncology systems.

FRANK DARRAS, M.D.

Originally from Chicago, I completed my Urology residency at Northwestern, and Transplantation Surgery fellowship at University of Pittsburgh. I have been at Stony Brook Urology for 22 years performing renal transplants and general urology as Clinical Professor of Urology, Medical Director of Renal Transplant Services and now the Hospital Medical Board President.

MATTHEW DUNN, M.D.

Dr Matthew Dunn is clinical professor of urology at UCLA. He is presently the chief of the division of Endourology and Stone disease. He did his residency training at USC under Donald Skinner, and fellowship at Washington University with Ralph Clayman.

GLEN GEJERMAN, M.D.

Glen Gejerman MD MBA is the co-director of Urologic Oncology at the John Theurer Cancer Center at Hackensack Meridian Health. He also serves as Chairman of Radiation Oncology at New Jersey Urology, Summit Health.

IVAN GRUNBERGER, M.D.

Ivan Grunberger, MD is the Director of Urologic Strategic Initiative at Northwell Health. He is Professor of Urology at the Zucker School of Medicine at Hofstra/Northwell. His clinical focus is on endourology, treatment of BPH and focal therapy of prostate cancer.

HANAN GOLDBERG, M.D.

Dr. Goldberg specializes in urology and urologic oncology. Dr. Goldberg's research is focused on the prevention and early diagnosis of prostate cancer, upper tract urothelial carcinoma, and disparities in the diagnosis and treatment of patients with urologic cancer. He is a member of the AUA and the Society of Urologic Oncology. Dr. Goldberg has served as a speaker in the industry for 3 years. He published several articles searchable on PubMed.

JOEL HILLELSOHN, M.D.

Joel Hillelsohn, MD, is a Assistant Professor of Urology at NYU Langone Health, specializing in men's health and sexual medicine. His clinical and research interests include benign prostatic hyperplasia, erectile dysfunction, penile prosthetic surgery, Peyronie's disease, testosterone deficiency, and male infertility. His work focuses on advancing minimally invasive therapies and optimizing functional outcomes in men's urologic health.

JIM HU, M.D.

Jim C. Hu, MD, MPH, is a pioneering surgeon-scientist serving as the Ronald P. Lynch Professor of Urologic Oncology at Weill Cornell Medicine. As Vice Chair of Clinical Research and Director of the LeFrak Center for Robotic Surgery, his work is backed by over \$12 million in peer-reviewed funding. He is widely recognized for his academic contributions, with over 400 publications that include practice-changing studies in *NEJM* and *JAMA*.

GRACE HYUN, M.D.

Grace Hyun, MD, MBA, is Chief of Urology at Jacobi Medical Center. She currently serves as President of the AUA Political Action Committee (AUAPAC), a board member of the New York Section, and a member of the Federal Advocacy Committee. Dr. Hyun earned her medical degree from Cornell University and completed her urology residency at Columbia-Presbyterian Medical Center, where she trained with Dr. Carl Olsson. She subsequently completed a fellowship in pediatric urology at The Children's Hospital of Philadelphia under the mentorship of Dr. Douglas Canning.

EMMANUELE A. JANNINI, M.D.

Prof. Jannini is a professor of Medical Sexology and Endocrinology at the Rome University of Tor Vergata, who has published more than 400 well-recognized scientific studies and books on premature ejaculation, erectile dysfunction, paraphilias, homophobia, gender incongruence, thyroid hormone receptor, and female sexual function and dysfunction, producing a Hirsch (H) index of 73 (Scopus).

JEAN JOSEPH, M.D.

Dr. Jean V. Joseph serves as the W.W Scott Professor and Chair of the Department of Urology and Professor of Oncology at the University of Rochester Medical Center. An internationally recognized leader and pioneer in robotic and minimally invasive urologic surgery, his clinical and research interests focus on prostate cancer, surgical innovation, and patient outcomes.

SAMUEL KAFFENBERGER, M.D.

Dr. Samuel Kaffenberger is Clinical Associate Professor of Urology and Clinical Physician Lead of the cancer program and of Cell and Gene Therapy at Michigan Medicine. As Associate Director for Clinical Operations, he leads the Rogel Cancer Center ambulatory cancer care operations, including advancing new initiatives to improve the timeliness and coordination of cancer care, and to enhance patient satisfaction with the care provided. His clinical and research interests are focused on the surgical care of patients with all urologic malignancies, including cancers of the kidney, testis, prostate, and bladder.

STEVEN A. KAPLAN, M.D.

Dr. Steven Kaplan is Professor of Urology at the Icahn School of Medicine at Mount Sinai and Director of The Men's Health Program of the Mount Sinai Health System. He was the Chair of Research for the American Urological Association from 2021 – 2025 and was the Founder and now Director of the AUA Innovation Nexus. He is a serial entrepreneur and a founder of Medidata Solutions Inc., one of the premier electronic data capture companies in the world; Medivizor, Inc., a medical informatics enterprise; Aspargo Health, a novel drug delivery system for various medications including sildenafil and metformin and Zeteo Health, Inc a bidirectional digital application using generative artificial intelligence.

JASON KIM, M.D.

Dr. Jason Kim is a Professor of Urology at the Renaissance School of Medicine at Stony Brook University and a fellowship-trained specialist in female pelvic medicine and reconstructive surgery. His clinical and academic work focuses on urinary incontinence, overactive bladder, voiding dysfunction, neuromodulation, and advancing innovation in urologic care. He is actively involved in resident and fellow education, clinical research, and serves on the Executive Board of SUFU.

CHRISTOPHER KELLY, MD

Dr. Christopher Kelly serves as Director of Benign Prostate Diseases in the NYU Department of Urology, with a clinical focus on minimally invasive and robotic approaches to benign prostate conditions. I graduated from Columbia University Vagelos College of Physicians and Surgeons in New York City, then completed my general surgery internship and urology residency at Harvard Medical School/Massachusetts General Hospital. I subsequently pursued fellowship training in Female Urology, Urodynamics, and Reconstructive Surgery at the University of Texas Southwestern in Dallas.

KATHLEEN C. KOBASHI, MD

Kathleen Kobashi is the Judith Helmle Shaw and Roy Gordon Shaw, Jr. Centennial Chair in Urology at Houston Methodist Hospital and Professor of Clinical Medicine at Weill Cornell Medicine. She has also recently been named the Chief of Academic Affairs for the Houston Methodist Academic Center. She received her B.A. at Wellesley College, her M.B.A. at the University of Michigan, and her M.D. at Drexel University (formerly Hahnemann) and completed her urologic residency at the University of California, Irvine followed by a Urogynecology and Reconstructive Pelvic Surgery (URPS) fellowship at Cedars-Sinai in Los Angeles before moving to Seattle in 1999.

CHESTER J. KOH, M.D.

Dr. Chester Koh is a pediatric urologist and tenured Prof of Urology, Pediatrics, and OB/GYN at Baylor Coll of Med and Texas Children's Research Instit, and a "physicianeer" with 30 yrs of experience in both med and eng. His clinical area of expertise is in minimally invasive surgery in children, especially with robotic surg and the pediatric device needs in this area, and he is the managing director and Pediatric program director of the annual North American Robotic Urologic Society's annual meeting. His current primary research area is in pediatric medical device engineering and innovation, where he is the founder, executive director and contact principal investigator of the Southwest-Midwest National Pediatric Device Innovation Consortium.

VITALY MARGULIS, M.D.

Vitaly Margulis, M.D., Professor of Urology at UT Southwestern Medical Center, graduated with honors from the Univ of Texas at Austin and UT Southwestern Med Sch. He trained in the highly competitive urology residency program at UT Southwestern and completed a fellowship in urologic oncology at the University of Texas MD Anderson Cancer Center in Houston, where he was previously a Clinical Specialist in Urologic Oncology. An expert surgeon, Dr. Margulis uses minimally invasive techniques to treat patients with soft-tissue tumors and kidney, prostate, bladder, testicular, penile, and adrenal cancers.

ALLEN MOREY, M.D.

Dr Morey is a Former Distinguished Professor in Reconstructive Urology at the University of Texas Southwestern Medical Center in Dallas, Texas. He is now in private practice in Frisco, Texas.

ARTHUR MOURTZINOS, M.D.

Dr. Mourtzinis is the Executive Director of the Continence Center and Vice-chair of the division of Urology at the Lahey Health Medical Center in Burlington, Massachusetts. I am also Associate Professor of Urology at UMass-Chan School of Medicine and Tufts School of Medicine. He is Board Certified in Urology and subspecialty Board Certified in Female Pelvic Medicine and Reconstructive Surgery (FPMRS), a new board certification with the American Board of Urology (ABU) and the American Board of OB/GYN (ABOG). He is a fellow of the American College of Surgeons and a Diplomate of the American Board of Urology.

KATIE MURRAY, D.O.

Dr. Katie Murray is a Professor of Urology at NYU Langone Health and Chief of Urology at Bellevue Hospital. She completed her residency at the University of Kansas and a urologic oncology fellowship at Memorial Sloan Kettering, later earning a master's degree in Academic Medicine. Board certified in urology, Dr. Murray has published over 80 peer-reviewed articles, serves as Deputy Editor for *Urology*, and holds leadership roles in clinical trials and professional societies. Her clinical and research focus includes urothelial carcinoma and the impact of treatment on patients' quality of life.

MICHAEL PALESE, M.D.

Dr. Palese is a Professor of Urology in the Icahn School of Medicine at Mount Sinai & Chair of the Department of Urology at Mount Sinai Downtown. He also serves as the Vice Chairman of Operations for Department of Urology in the Mount Sinai Health System. As Director of Minimally Invasive Urologic Surgery for the Mount Sinai Health System, he specializes in the diagnosis and treatment of kidney, ureter, adrenal, bladder and prostate disease and performs robotic, laparoscopic and endoscopic surgery. His areas of expertise include kidney cancer, kidney stones, kidney transplant and BPH.

VITO PANSADORO, M.D.

Prof. Vito Pansadoro specializes in Pediatric Surgery in Ferrara, Italy and in Gastroenterologic Surgery at the University of Florence. During his career, he has been Chief of the Department of Urology at the CTO Hospital, San Camillo Hospital, San Raffaele Scientific Institute and San Giovanni Hospital, all four in Rome, Italy. Prof. Vito Pansadoro is currently the Director of the Vincenzo Pansadoro Foundation, Center of Robotic Surgery and Laparoscopy in Rome, Italy. Prof. Pansadoro is internationally respected as a specialist in Laparoscopic and Robotic Surgery. He has organized successful International scientific meetings on Urologic Oncology with a focus on laparoscopic and robotic live surgery for the last 16 years, hosting the most prominent surgeons in the field.

ANTONIO L. PASTORE, M.D.

Consultant Urologist and Associate Professor at Sapienza University of Rome. Specializing in minimally invasive technologies, robotic surgery, and oncological urology. Over two decades of clinical excellence combined with top-tier academic leadership and extensive contributions to urological sciences. Winner of 7 International and 9 National awards, principal investigator or co-investigator in more than 35 phase II and phase III trials, editorial board member of 27 international indexed urology journals, executive committee member of Italian Society of Urology (SIU), and Italian Society of Functional Urology (SIUD).

SHELDON PIKE, M.D.

Dr. Pike Graduated from the Mount Sinai School of Medicine in New York City in 1985. He served as a surgical resident at Columbia Presbyterian Hospital in New York City, 1985-1987. He then completed his residency in Urology at the Beth Israel Medical Center in New York City in 1990. Dr. Pike holds a teaching appointment as Assistant Clinical Professor at the Mount Sinai School of Medicine. He is currently the Chief of Urology at Saint John's Episcopal Hospital in Far Rockaway New York. He is part of a group practice, New York health which is a division of New York Blood and Cancer.

CHRISTOPHER PORTER, M.D.

Dr. Christopher Porter is on staff at Ali'i Health in Kona Hawaii. He was Clinical Professor of Urology at the University of Washington (retired) and previously was the Director of the Urologic Oncology Fellowship. In addition, he serves as the Medical Director for Research for VMFH. Chris has had a lasting passion for research having authored more than 100 peer reviewed manuscripts and book chapters on prostate cancer, diagnostic imaging and testicular cancer. Chris has won a number of awards and honors, including the AUA Leadership Award, Outstanding Service Award at the Western Section AUA and served as Western Section President.

DIMA RASKOLNIKOV, M.D.

Dima Raskolnikov, MD, is an academic urologist at Montefiore Medical Center and Albert Einstein College of Medicine, where he serves as Assistant Professor of Urology and specializes in kidney stone disease and minimally invasive surgery. He is actively involved in organized urology at both the national and sectional levels, serving on the American Urological Association Research Appropriations Committee and as the 2026 Socioeconomic Representative for the New York Section of the American Urological Association. His academic interests include healthcare value, policy, coding and reimbursement, quality improvement, and improving access to high-quality urologic care.

THOMAS RECHTSCHAFFEN, M.D.

Dr. Rechtschaffen is a partner at Advanced Urology Centers of NY. Clinical interests include prostate cancer diagnosis, risk stratification and advanced prostate cancer treatment as well leading edge modalities to treat BPH. He has been continuously active in AUA physician leadership and political advocacy. He was the 2016 AUA Gallagher health policy scholar and currently serves as the Past-President of the New York Section of the AUA.

EUGENE RHEE, M.D.

AUA President, 5/19/2026-5/24/2027

Dr. Eugene Rhee holds dual leadership roles as National Chair of Urology for Kaiser Permanente, where he oversees the delivery of urologic care to 12 million lives within the United States' largest nonprofit managed healthcare system and Area Assistant Medical Director for Business Line & Finance for Kaiser Permanente, San Diego. Dr. Rhee is a specialist in incontinence, urologic reconstruction, sexual medicine, and minimally invasive treatments for benign prostatic hyperplasia (BPH). In addition to his clinical practice, he holds device patents in the field of urology, reflecting his commitment to advancing the science of care through innovation and technology. He currently serves as the Immediate Past President of the AUA Western Section. Dr. Rhee has been a member of the AUA since 1996.

KYLE A. RICHARDS, M.D.

Kyle A. Richards is a urologic oncologist and associate professor at the University of Wisconsin-Madison. His clinical and research work are focused on advancing state of the art care for patients with bladder cancer. He is also very involved with health policy work and holds the AUA seat on the Relative Value-scale Update Committee (aka RUC).

LEE RICHSTONE, M.D.

Lee Richstone, MD, FACS, FRCS is the Chairman of Urology at Northwell Urology at Lenox Hill Hospital and Western Region Director of Urological Services for Northwell Health. He is the Nussdorf Family Professor of Urology at Hofstra/Northwell School of Medicine. Dr. Richstone is the immediate past president of the Society of Academic Urologists. He has authored over 100 peer-reviewed manuscripts and over a dozen book chapters, most recently Campbell Walsh Wein Urology -Simple Prostatectomy: Open, Laparoscopic and Robotic Approaches.

NIRIT ROSENBLUM, M.D.

Nirit Rosenblum, MD is a Clinical Professor of Urology and OB-GYN at NYU Langone Medical Center. Dr. Rosenblum has interests in pelvic organ prolapse repair, including uterine-sparing techniques, incontinence treatments, female sexual dysfunction and lower urinary tract symptoms as well as recurrent urinary tract infections in women at all ages. She employs a comprehensive approach to urogynecology encompassing medical, surgical and holistic treatment options. Dr. Rosenblum serves as co-director of the NYU Langone fellowship in URPS.

HOSSEIN SADEGHI-NEJAD, M.D.

Dr. Sadeghi-Nejad is Prof of Urology and OB-GYN at NYU Grossman Sch of Med and Director of Men's Health at the NYU Langone Med Cr. Dr. Sadeghi-Nejad is a member of numerous professional organizations including the AUA, the Sexual Medicine Society of North America (SMSNA), the International Society of Sexual Med (ISSM) the Society for Study of Male Reproduction, and the American Society of Reproductive Medicine (ASRM). He has served as the Assoc Editor of the AUA News (Men's Health), the official newsletter of the AUA. Dr. Sadeghi-Nejad was one of 16 members of the ABU Examination Committee and is currently an examiner for the oral boards. Dr. Sadeghi-Nejad is the President of the NY Section of the AUA.

ANDREA SALONIA, M.D.

Andrea Salonia is a Full Professor of Urology at Vita-Salute San Raffaele University, Milan, Italy, where he also serves as the Dean of Studies of the International Medical Doctor Program and the Co-Coordinator of the PhD Curriculum in Clinical and Experimental Medicine. Andrea Salonia is the Director of URI-Urological Research Institute of the IRCCS Ospedale San Raffaele in Milan, Italy, where he also serves as the Coordinator of the Sexual and Reproductive Medicine Program. Andrea Salonia is the current Chairman of the EAU Guidelines panel on Sexual and Reproductive health.

JASPREET SANDHU, M.D.

Dr. Jaspreet Sandhu is an attending urologist at Memorial Sloan Kettering Cancer Center where he directs the Functional and Reconstructive Urology program focusing on male and female incontinence, BPH, OAB, pelvic prolapse, and urinary tract reconstruction. He has been and remains active in national and regional urologic organizations currently serving as the AUA Associate Secretary for Asia and Australia and as President-Elect for the AUA - New York Section.

PETER N. SCHLEGEL, M.D.

Dr. Schlegel is a world-recognized expert in male infertility and men's health issues, a former NYS AUA President and chair of the Department of Urology at Weill Cornell for 20 years.

DAVID SCHULSINGER, M.D.

Dr. David Schulsinger is the Director of Endourology and Stone Disease and Clinical Professor of Urology at Stony Brook Medicine. He also serves as an Adjunct Clinical Assistant Professor of Urology at New York Presbyterian Hospital. He is currently Program Director for the Endourology and Stone Fellowship. Dr. Schulsinger's clinical specialties include the treatment of stone disease, benign prostatic hyperplasia, and urologic tumors. He has published numerous articles on urolithiasis in peer-reviewed journals and a book on stone disease. Dr. Schulsinger is a member of the American Urological Association, Endourology Society and the ROCK Society.

DAVID SHIN, M.D.

David Shin, MD is Vice-Chair of Academics and Director of the Division of Sexual Health and Fertility in the Dept of Urology at Hackensack Univ Med Ct and is Associate Prof and Vice-Chair of Urology at Hackensack Meridian Sch of Med. Dr. Shin's clinical interests in Men's Health include medical and surgical treatments for male infertility, erectile dysfunction and Peyronie's disease. Dr. Shin currently serves as the Chair of the Reproductive & Sexual Health Committee for the Urology Care Foundation.

ALAN W. SHINDEL, M.D.

Alan W. Shindel completed his medical school and residency training at Washington University in Saint Louis and his fellowship in andrology at University of California San Francisco. He has served as Chair of the AUA Core Curriculum, Chair of the AUA Guidelines on Disorders of Ejaculation, and member of multiple other AUA Guideline committees. He is currently on the Board of Directors of the International Society for Sexual Medicine and is Treasurer of the Sexual Medicine Society of North America.

ASEEM SHUKLA, M.D.

Aseem R. Shukla is Chief of Pediatric Urology at Cohen's Children Hospital, System Vice President of the Pediatric Urology Service Line, and Director of Pediatric Global Services for Northwell Health, effective February 2026.

Dr. Shukla is a pioneer in pediatric robot assisted laparoscopic surgery, having been among the first pediatric urologists trained in the technology in 2004. Since then, he has completed nearly one thousand robotic surgery procedures for children of all ages, including the smallest infant, and introduced innovative surgical procedures utilizing the robotic platform. Dr. Shukla is also one of the most experienced surgeons in the country in performing the highly complex reconstruction of bladder exstrophy, having completed over 250 of these rare cases as part of multidisciplinary teams spanning two continents.

GIUSEPPE SIMONE, M.D.

Since 2019 Chair of Uro-Oncology Program and Urology Department at "Regina Elena" National Cancer Institute. His area of interest is Uro-Oncology and robotic surgery, he led multiple single center randomized controlled trials, pioneered off clamp robotic partial nephrectomy and contributed to standardize intracorporeal Urinary diversion during robotic cystectomy. He is consulting editor for European Urology and serves as active reviewer for more than 25 peer review journals.

ALEXANDER C. SMALL, M.D.

Alexander C. Small, MD, is an Attending Physician and Assistant Professor at Montefiore-Einstein. Dr. Small specializes in the treatment of urological diseases, cancer and kidney stones through the use of minimally invasive, robotic and endoscopic surgery. He completed his medical school at Mount Sinai and residency at NewYork-Presbyterian / Columbia University Medical Center.

CORA N. STERNBERG, M.D.

Prof. of Medicine and Clinical Director of the Englander Institute for Precision Medicine at Weill Cornell Medicine, NY-Presbyterian, in NY since 11/2018. She is a globally respected leader in medical oncology and urological malignancies. Her groundbreaking work in prostate cancer, bladder cancer, and renal cell carcinoma, have had a significant impact on the field. She has been the PI for numerous studies and is renowned for her lectures at universities and cancer symposia worldwide. She ranks in Stanford Univ. "World's Top 2%" of scientists.

MICHAEL STIFELMAN, M.D.

Michael D. Stifelman, M.D., is Chair of Urology at Hackensack University Medical Center, Director of Robotic Surgery at Hackensack Meridian Health, and Professor and Inaugural Chair of Urology at Hackensack Meridian School of Medicine. An internationally recognized pioneer in robotic urologic oncology and upper tract urinary reconstructive surgery, he has performed more than 4,000 robotic procedures, developed over a dozen minimally invasive surgical techniques, and published 177 articles and 241 abstracts. Dr. Stifelman is president-elect of the Society of Urological Robotic Surgeons, serves on the faculty of the AUA, ERUS, and NARUS, and has been repeatedly recognized by Castle Connolly and New York Magazine as a "Top Doctor."

RUCHIKA TALWAR, M.D.

Dr. Ruchika Talwar, MD, MMHC, is an Assistant Professor of Urology and urologic oncologist at Vanderbilt University Medical Center, where she also serves as Medical Director of specialty value-based care programs across Vanderbilt Health. Her academic work focuses on value-based care, bundled payment innovation, and improving the cost and quality of oncologic care delivery, and she has published in leading journals including *JCO*, *NEJM Catalyst*, *JAMA*, and *JAMA Oncology*. She holds multiple national leadership roles in advocacy and health policy and leads BackTable Urology, spearheading national conversations on clinical innovation in urology.

WEI PHIN TAN, M.D.

Dr. Wei Phin Tan, MD, is a board-certified urologist based in New York, affiliated with NYU Langone Hospitals. His primary focus is on urologic oncology, specializing in the treatment of cancers affecting the prostate, kidney, bladder, testicles, and penis. Dr. Tan is known for tailoring treatment plans to prioritize patient outcomes and well-being, utilizing advanced technologies in managing prostate cancer. He is notable for being the first urologist in New York State to integrate ARTERA AI precision testing for prostate cancer and for performing Pulsed Electric Field (PEF) ablation at NYU Langone. Additionally, he employs Decipher genomic testing to personalize care for prostate cancer patients.

STACY T. TANAKA, M.D.

Dr. Tanaka is a Professor and Chief of Pediatric Urology at the University of Alabama at Birmingham. Her clinical interests include neuropathic and non-neuropathic bladder dysfunction. She is the scientific vice-chair for the CDC Spina Bifida Urologic Protocol for Infants and Children and is on the executive board of the International Children's Continence Society. She is also the editor of the AUA News, the official news magazine of the American Urological Association.

SAMIR TANEJA, M.D.

Dr. Samir Taneja is Senior Vice President of the Urology Service Line, Chair of the Smith Institute for Urology, and Chair of Urology at the Zucker School of Medicine at Hofstra/Northwell. He is an expert in urologic oncology, renowned for transforming the field of prostate cancer diagnosis and treatment by improving methods of prostate imaging, cancer detection, and disease localization. He is the editor of Taneja's Complications of Urologic Surgery: Prevention and Diagnosis, one of the most widely read textbooks in American Urology.

CIGDEM TANRIKUT, M.D.

Cigdem ("Cori") Tanrikut, MD, FACS, is a Reproductive Urologist at Shady Grove Fertility (SGF) in Washington, D.C., and Prof of Urology at the Georgetown Univ. Sch. of Med. After graduating *summa cum laude* from the Univ. of Pennsylvania in Philadelphia, Dr. Tanrikut pursued her medical education at Georgetown. She went on to complete her Urologic Surgery residency training at Massachusetts General Hosp/Harvard Med. Sch. in Boston then pursued a fellowship in Male Reproductive Med. and Microsurgery at Weill Cornell Med. in Ny. She is Past-President of the Society for Male Reproduction and Urology and of the Society for the Study of Male Reproduction.

ALEXIS TE, M.D.

Dr. Alexis E. Te is a Prof. of Urology at the Icahn School of Medicine At Mount Sinai. Director of the Advance Center for Benign Prostate Disease as well as Co-Director of the Men's Health Program at Mount Sinai. Dr. Te has authored numerous paper and chapters, given lectures nationally and internationally, and is a key opinion leader on minimally invasive therapies for the treatment of benign prostatic hyperplasia or BPH. Dr. Te has published over 300 publications in peer review journals, books chapters, and review articles and is an active lecturer, both nationally and internationally.

ASHUTOSH TEWARI, M.D.

Ashutosh Tewari, MBBS, MCh, FRCS (Hon.), DSc (Hon.) is System Chair and Professor at the Milton and Carroll Petrie Department of Urology at the Icahn School of Medicine at Mount Sinai and the Director of the Comprehensive Prostate Cancer Program. He is also Surgeon-in-Chief of the Tisch Cancer Hospital and member of The Tisch Cancer Institute and the Institute of Immunology at Mount Sinai. Dr. Tewari is a world-renowned expert on urologic oncology.

QUOC-DIEN TRINH, M.D.

Quoc-Dien Trinh, MD, MBA, serves as the Chair of the Department of Urology, University of Pittsburgh School of Medicine, and Chair of Urology, UPMC. A globally recognized urological surgeon-scientist, Dr. Trinh has been honored with the 2021 Outstanding Citizenship Award from Brigham and Women's Hospital, the 2022 American Urological Association Young Urologist of the Year award for New England the 2026 American Urological Association Distinguished Award for Health Advancement & Impact Award. He is recognized as a Castle Connolly Top Doctor and a Top Asian American Pacific Islander Doctor.

ALAN J. WEIN, M.D.

Alan J. Wein, MD, PhD(hon), FACS is Professor of Urology and Director, Business Development and Mentoring, at the Desai Sethi Institute of Urology, University of Miami Miller School of Medicine. Previously, he was Chief of Urology and Program Director at the University of Pennsylvania(38 and 40y respectively).

JARED WINOKER, M.D.

Jared Winoker, MD is the Director of Endourology and the Center for Kidney Stone Disease at Lenox Hill Hospital. He is an Assistant Professor of Urology at The Zucker School of Medicine at Hofstra/Northwell and serves as the Associate Residency Program Director for the Lenox Hill Department of Urology. He completed his urology residency at the Icahn School of Medicine at Mount Sinai and fellowship in endourology and minimally invasive surgery at Johns Hopkins. His academic interests mirror his clinical expertise in the surgical and metabolic treatment of kidney stone disease.

JAMES WYSOCK, MD

James Wysock, MD, MS is an Assistant Professor in the Department of Urology at NYU Grossman School of Medicine. He is an expert in advanced prostate cancer diagnostics and management, including MRI-US fusion biopsy, transperineal biopsy, partial gland ablation, and minimally invasive/robotic surgical techniques. Dr. Wysock serves as the principal investigator for both the NYU Partial Gland Cryoablation Registry and the NYU Partial Gland Focal One HIFU Registry. He is also an active member of the Focal Therapy Society.

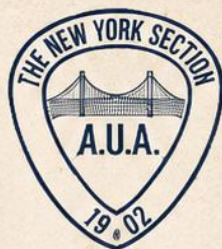

MICHAEL J. ZELEFSKY, M.D.

Michael J. Zelefsky, MD, a renowned leader in radiation oncology, is Professor of Radiation Oncology and serves as the Vice-Chair in the Dept of Radiation Oncology at the NYU Langone Med Ctr. He also serves as the Director of Brachytherapy and MR-Linac Program for the Cancer Ctr and as the leader of the Genitourinary Cancer Disease Management Group at the Perlmutter Cancer Center at NYU. He was instrumental in the development of intensity-modulated radiotherapy for the treatment of prostate cancer. He is also a renowned opinion leader in the area of stereotactic body radiotherapy for prostate cancer and well as the type of internal radiotherapy known as [brachytherapy](#).

PHILIP ZHAO, M.D.

Philip Zhao MD is Chief of the Urology Stone Program at Tisch Hospital and Surgery Lead for HCC2/Ambulatory Surgery Center, NYU Langone Health. His clinical expertise focuses on endourology and specifically, integration of kidney stone prevention and treatment modalities, as well as BPH and upper tract urothelial carcinoma management. He works with NYU Tandon School of Engineering on researching new ureteroscopy and imaging technologies.
